START Kreuzeckbahn mountain station
FINISH Garmisch-Partenkirchen

From the Kreuzeckbahn cable car mountain station, the trail heads east along the Hexenkessel lift. A short time later, hikers reach the unmanaged Trögl hut after a long forest section. From here, follow the path, which is known in winter as the „Kreuzwankl bypass“, to the Hausbergbahn mountain station (closed in summer).

Above the reservoir, the route continues through a small forest to the Bayernhaus. From there, follow the forest road towards Garmisch-Partenkirchen.

After another 1 ¼ hours of hiking through a densely forest area with small clearings, you reach the Kochelbergalm. Following the road further down the valley, you reach the valley station of the Hausbergbahn cable car. From here, the cogwheel train takes you back to the parking lot at the Kreuzeckbahn cable car. Alternatively, it is only a 15 minute walk to the Zugspitzbahn cogwheel train station and Garmisch-Partenkirchen railroad station.
