

LÄNGENFELDERSATTEL

Osterfelderkopf – Hochalm

Garmisch-Classic

HAUSBERG KREUZECK ALPSPIITZE

START Alpspitzbahn mountain station

FINISH Hochalmbahn

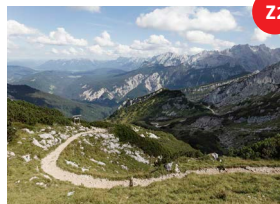

The starting point for this hike is the Alpspitzbahn cable car mountain station. From there, head left along a well-maintained hiking trail below the Hochalmbahn cable car towards Längenfelder. The alpine flowers and herbs along the way are particularly beautiful here.

After about half an hour walking, you reach a junction. At this point keep right and continue straight ahead further down the valley until you reach the Hochalm after another half an hour.

The route of the Hochalmbahn cable car, which always runs above your hiking trail, serves as a guide on this tour. From the Hochalm you can comfortably ride back to the Osterfelderkopf with the Hochalmbahn cable car and then take the Alpspitzbahn cable car down to the valley.

EXTRA TOUR

If you wish, you can hike from the Hochalm via the Hochalmweg to the Kreuzeck and then take the Kreuzeckbahn cable car down to the valley. (+ ¾ hrs.)
